

Social Contribution Activity

August 2012 Office Road Clean Campaign

For the CSR activities to contribute regionally, we have joined “Office Road Clean Campaign” which is organized by ministry of Land, Infrastructure, Transport and Tourism in every August and have cleaned the sidewalks around the headquarters building.

This activity began in 1995, and we have joined since 1996.

In this year, 12 employees have joined this campaign as volunteers. We are going to continue this regional contributed activity in the future.
